# Qualification

MBBS in 2009 | MS (Gen Surgery) in 2015 | DNB (Urology) in 2022

#### **Overview**

Dr. Vinay M H is a reputed Urology Doctor in Doddaballapur, Bangalore who is currently practising at Manipal Hospitals, Doddaballapur, as a Consultant in urology. He completed his MBBS, followed by an MS in General Surgery and a DNB in Urology. He was previously associated with the Department of Surgery and Renal Transplant, Postgraduate Institute of Medical Education and Research and Dr. Ram Manohar Lohia Hospital, Delhi, India. Dr. Vinay is an expert in endo-urological and laser surgery. He has also mastered minimally invasive surgery for prostate disease. With hands-on experience in laparoscopic or minimally invasive procedures, Dr. Vinay has successfully handled challenging cases and treated numerous patients. Dr. Vinay is a specialist in providing medical and surgical treatment for disorders of the kidney, urinary tract, bladder, and urethra. His record of diagnosing and treating cancers and other problems associated with the prostate, testicles, and bladder is highly appreciable. He is known to collaborate with nephrologists to treat kidney stones with utter perfection. Dr. Vinay also provides amazing emotional support to his patients and their families during treatment. Additionally, he offers management strategies for a wide range of medical problems, which may involve recommending lifestyle changes, prescribing medicines, or surgery as part of selecting the best treatment plan. Dr. Vinay is regarded as the best urologist in Doddaballapur, Bangalore. Beyond clinical practice, Dr. Vinay engages in several educational initiatives. He has published multiple papers on urology in esteemed journals. One of his papers is a prospective comparison of end-to-side and end-to-end renal transplant arterial anastomosis in living donor transplants from an Indian centre. Moreover, he has published a case report and literature review discussing a case of adult primary para-testicular tumours. His commitment to continuous learning and spreading medical knowledge is evident through his contributions. Dr. Vinay's expertise and interest in urology have helped many patients recover from serious and challenging conditions, ensuring they receive the best care.
