

## **DR. AJAY JAIN**

Consultant - General & Laparoscopic Surgery

### **Qualification**

MBBS | MS (Surgery) | FIAGES | FMAS | FALS (Advanced Laparoscopic Surgery) | Bariatric & Metabolic Surgery

### **Overview**

Dr. Ajay Jain has more than 26 years of experience in the field of Minimal Access Surgery and Laparoscopic Surgery. He holds the following degrees: MBBS, MS (Surgery), FIAGES, FMAS, FALS (Advanced Laparoscopic Surgery), and Bariatric and Metabolic Surgery. Dr. Ajay has worked with multiple reputed organizations such as Malik Radix Healthcare, Goyal Hospital and Urology Centre, Surya Hospital and Jain Hospital, in New Delhi in the past. In his current role, he is one of the highly skilled and experienced consultants at the General & Laparoscopic Surgery department at Manipal Hospitals Ghaziabad. He is one of the foremost general surgeons in Ghaziabad. Dr. Ajay Jain's area of expertise includes Laparoscopic Surgery for:- (Hepatobiliary and pancreatic, Solid Organ, Hernias, Upper GI, Bowel, Bariatric), Thoracoscopic, Thyroid, Breast, Proctology and PVD. Dr. Ajay can effectively communicate in multiple languages: Hindi, English, Punjabi and Persian. He has treated many domestic and international clients and he dedicates time to listening and understanding the patient's condition in addition to thoroughly evaluating their medical reports. All this gives him a multi-faceted view of the situation and helps him determine a holistic healing and treatment plan that offers fast relief, shorter recovery time and fewer complications. Dr. Ajay

Jain adheres to Manipal Hospitals' established departmental policies, quality improvement objectives, safety protocols, and environmental and infection control standards. He is one of the most renowned and trusted general surgeons in Ghaziabad, who has successfully performed numerous surgeries and has helped patients resume their normal life post-surgery. He also actively participates in events and conferences that talk about enhancing care and patient outcomes, medical error prevention, management of trauma cases, patient management and more. Dr. Ajay is a self-motivated medical professional who is passionate about his role and compassionate with his patients. He follows and believes in the vision and motto of Manipal i.e., patient centricity, clinical excellence and ethical practices.
