

# DR. JOHN MUCHAHARY

Consultant - Interventional Pulmonology

#### Qualification

MBBS | MD( Pulmonology )

#### **Overview**

Dr. John Muchahary is a highly skilled and accomplished Pulmonologist with extensive qualifications and experience. He completed his MBBS from Assam Medical College and pursued an MD in Pulmonary Medicine from Goa Medical College. Further, he underwent specialized training in Interventional Pulmonology at the North Eastern Indira Gandhi Regional Institute of Health and Medical Sciences. He is the foremost Pulmonology Doctor in Goa/ Dr. Muchahary's expertise lies in diagnosing and treating a wide range of lung conditions, including pneumonia, tuberculosis, COPD, and bronchial asthma. He is particularly renowned for his proficiency in managing cases of lung cancer, and providing comprehensive care and support to his patients throughout their treatment journey. With a focus on advanced pulmonary interventions, Dr Muchahary is wellversed in both diagnostic and therapeutic bronchoscopy procedures. He has performed numerous cases of endo bronchial biopsy, transbronchial lung biopsy, and bronchoalveolar lavage. He has also demonstrated exceptional skill in performing Linear EBUS, Radial EBUS, and Medical Thoracoscopy. This showcases his commitment to delivering cutting-edge care to his patients. Dr. Muchahary has been recognized for his outstanding contributions to the field of Pulmonology. He has presented talks and published articles on rare lung diseases, contributing significantly to medical literature. Notably, he was the first to perform WHOLE LUNG LAVAGE in North East India for a case of Pulmonary Alveolar Proteinosis (PAP). Dr. Muchahary is an active member of various esteemed medical societies, including the European Respiratory Society, the Indian Chest Society, the Asia Pacific Society of Respirology, and the Indian Association of Bronchology. He also serves as a Pulmonary Medicine adviser in Medinovation Research and Consultancy Pvt Ltd. Dr. Muchahary is a multilingual person as he is fluent in English, Hindi, Konkani, Assamese, Bodo, Dimasa, Karbi, Bengali, and Nagamese. This ensures effective communication with patients from diverse linguistic backgrounds. His dedication to excellence and patient-centred care makes him a highly respected and trusted healthcare professional in the field of Pulmonology.
