

## DR. AMIT DEEPTA GOSWAMI

Consultant - General Surgery

### Qualification

MBBS | MS (Surgery) | FIAGES | FCLS | FNB

### Overview

Dr. Amit has completed his MBBS, MS (Surgery), FIAGES, FCLS and FNB. He is one of the highly trusted experienced Laparoscopic surgeons in Gurgaon. Dr. Amit is skilled in performing numerous laparoscopic surgeries and bariatric surgery. He is fluent in Hindi and English and understands the importance of truthful two-way communication with patients. Dr. Amit ensures that the patients are provided with a safe space where they can speak about their medical condition freely, this helps him create a personalised treatment plan. He is the Best GI surgeon in Gurgaon. Dr. Amit has appeared on various media platforms and has shared his articles and views on topics related to laparoscopic surgeries and bariatric surgery. He also actively participates in national and international seminars, events and conferences that discuss the developments in the medical world. Beyond technical expertise, he possesses a natural empathy and emotional intelligence that allows him to connect deeply with patients, understand their fears and anxieties, and provide compassionate support throughout their journey. This fosters trust and collaboration, leading to more positive outcomes and enhanced patient satisfaction.
