

## MUKTI HARNE PAITHANKAR

Consultant - OBGY, Infertility Specialist and Laproscopic Surgeon

### Qualification

MBBS | MS Obs and Gynae | FMAS | CCGDM

### Overview

Dr. Mukti Harne Paithankar is a highly accomplished gynecologist in Gurugram specialist with over 8 years of experience, showcasing exceptional dedication to women's healthcare. Her expertise encompasses the management of diverse female health issues, including obesity, thyroid disorders, PCOS, ovarian cysts, unwanted pregnancies, and pre-conception challenges. Notably, she specializes in high-risk pregnancies and infertility cases, demonstrating proficiency in handling complications such as gestational diabetes, pregnancy-induced hypertension, placenta previa, anaemia, and twin pregnancies. A standout feature of Dr. Mukti's practice is her proficiency in Endoscopy and Laparoscopy surgeries, where she addresses gynaecological concerns like fibroids, dysfunctional uterine bleeding, endometrial hyperplasia, and adenomyosis. Her commitment to employing minimally invasive techniques reflects a dedication to optimizing patient outcomes. What distinguishes Dr. Mukti is not just her medical expertise but also her compassionate approach to patient care. Known for her empathetic communication style, she prioritizes understanding each patient's unique needs, fostering a supportive and nurturing healthcare environment. Her ability to involve patients in their healthcare decisions has earned her widespread appreciation and positive feedback. Her impact extends beyond her clinical proficiency; she is a dedicated advocate for women's health, continually updating her knowledge to deliver evidence-based and personalized care. Her reputation within the medical community reflects her commitment to excellence and genuine concern for her patients. In summary, Dr. Mukti Harne Paithankar is not only a skilled medical professional but also a compassionate partner in women's healthcare. With a wealth of experience, a commitment to excellence, and heartfelt dedication, she continues to make significant contributions to the field of Obstetrics and Gynecology, positively influencing the lives of countless women under her care.
