Overview

Dr. Manohar Kathige Nageshappa is a renowned internal medicine specialist in Bangalore with 17 years of expertise, and he currently works as a consultant for internal medicine at the Manipal Hospitals, Old Airport Road, Bengaluru. His field of expertise covers infectious diseases like thyroid disorders, HIV, typhoid, fever, gastrointestinal disorders, obesity, hypertension, diabetes, dyslipidemia, respiratory illness, and arthritis. His extensive knowledge in these areas allows him to bestow accurate diagnosis, preventive care to his patients and comprehensive treatment plans. Dr. Nageshappa graduated from Manipal Academy of Higher Education in Manipal with a degree in medicine. He is a New Delhi-born Diplomate of the National Board of Internal Medicine. He has fellowships and memberships with various renowned organisations such as the Research Society for the Study of Diabetes in India, the Association of Physicians of India, American College of Physicians, the American Diabetes Association, and the Indian Medical Association. Apart from his medical knowledge and expertise, Dr. Nageshappa is fluent in many languages, such as Hindi, English, Kannada, Telugu, and Bengali. His multilingual proficiency enables him to communicate effectively with patients from diverse backgrounds. Dr. Manohar is an acclaimed consultant internal medicine physician in Oldairportroad, Bangalore. Dr. Nageshappa has received numerous awards and accolades throughout his career. He was appointed Honorary Secretary of KRSSDI, an Examiner for MRCP UK-PACES, and a Principal Investigator for Clinical Search. He also served as the Medical Director for GT Foundation and Chairman of DISHA CMEs. Additionally, he was recognized for his contributions as Chairman of the Reception Committee for APICON 2018 and Organizing Secretary for KRSSDI 2017. Dr. Nageshappa's accomplishments include winning the Best Outgoing Student during Post Graduation and the RSSDI Award for Excellence in Diabetes Care in 2018. He also received the Kempegowda Awards from BBMP in 2018, the Rising Star Award in Diabetology from the Times of India in 2018, the Investigator of the Year award from ISH in 2017, and the Diabetes Awareness Awards in 2016. Furthermore, Dr. Nageshappa is an avid runner and participated in Full Marathon events in 2017 and 2019. His commitment to a healthy lifestyle serves as an inspiration to his patients, and he encourages them to prioritise their health and well-being. To summarise, Dr. Manohar K. N. is a highly accomplished and respected internist and physician with proven expertise in many more medical fields. Being multilingual, he can communicate effectively with patients from diverse backgrounds. Dr. Nageshappa's commitment to a healthy lifestyle and his success as a runner serve as an inspiration to his patients to prioritise their health and well-being. He's got many awards and accolades throughout his career, reflecting his dedication to give accurate diagnoses, comprehensive treatment plans, and preventive care to his patients. Dr. Manohar K. N.'s outstanding contributions to the medical field make him a valuable asset to the healthcare community.
