

DR. SIMICA TULI

Chief of Medical Services

Qualification

MBBS 2001 | MD (Anaesthesiology) 2005

Overview

Dr. Simica Tuli is working as Chief of Medical Services at Manipal Hospital Patiala. She completed her MBBS in 2001 and then MD in Anaesthesiology in 2005. Her areas of expertise include Pain management, Paediatric anaesthesia, Thoracic, labour analgesia, Joint replacement and Laparoscopic surgeries. Dr. Simica is highly professional, sincere and compassionate. She maintains confidentiality when handling the patients' data and transparency when communicating with the patients. Dr. Simica, a renowned anaesthesiologist in Patiala, has garnered positive reviews from her patients for her customised treatment approach that focuses on holistic and faster healing. She also ensures that her patients are making informed and confident decisions and for that, she educates, counsels and clears all the concerns that a patient may have regarding a procedure. Dr. Simica Tuli also actively participates in national and international seminars that are dedicated to developments in the medical field. She also stays abreast with the new trends in the medical world and is always keen on adopting/modifying the process for the betterment of the patients. In addition to offering optimum care, Dr. Tuli also engages with people through online and offline campaigns organised by Manipal Hospital such as FB live programs, in-house events, video editorials and more to disseminate medically accurate information to the public. Dr. Simica also believes in the motto of Manipal Hospitals drives and motivates the staff, which are: clinical excellence, ethical practices and patient centricity. All this is reflected in her conduct and professional attitude. She also manages many key responsibilities related to administration at Manipal Hospitals.
