

DR. TAPASYA PANDITA

Consultant - Paediatric Surgery

Qualification

MBBS | MS (Surgery) | M.Ch (Paediatric Surgery)

Overview

Dr. Tapasya Pandita is a highly qualified and experienced Paediatrician in Bangalore, having worked in this field for over 8 years. She is currently associated with the Manipal Hospitals Whitefield as a Paediatric Surgery Consultant. She is an expert in performing complex and intricate surgical procedures on children and infants. She has also done antenatal parent counselling and research work. She was originally from Kashmir and completed her MBBS in Jammu from the Government Medical College. She graduated in 2010. She went to the Government Medical College to pursue her MS (Master of Surgery) in General Surgery. She has been working in various branches of paediatrics, such as paediatric trauma and paediatric urology. She has handled many paediatric emergencies in her career. She had the position of a Senior Resident in Paediatric Surgery at the Postgraduate Institute of Medical Education and Research in Chandigarh for a while. She has been registered as a doctor with the Jammu & Kashmir Medical Council since 2014. She has worked in the teaching field as an Assistant Professor at the Gajra Raja Medical College of Gwalior for almost 2 years. She also worked as a Consultant at the Shalby Multispeciality Hospital in Mohali for a few months in 2018. Dr. Pandita is the best paediatrician in Whitefield, Bangalore. She has experience in performing various paediatric surgeries on infants and children. She also has expertise in Fetology, the medical branch of studying a foetus. She has handled many paediatric emergencies in her career, like respiratory distress, trauma, heart issues, anaphylaxis, and dehydration. She does a lot of antenatal parent counselling for her patient. It is the counselling given to pregnant women and the child's fathers about the possible problems that could arise in pregnancy. Her fluency in speaking various languages like Hindi, English, Kashmiri, and Punjabi has helped her greatly in this area. Dr. Tapasya is a part of the Indian Association of Paediatric Surgeons. She has worked as a Senior Resident at the Government Medical College for 1 year. In 2018, she did her M.Ch in Paediatric Surgery from the Postgraduate Institute of Medical Education and Research in Chandigarh. Her article about the Gastroschisis repair, which is a novel approach to conventional management with silo application, was published by the Journal of Applied Medical Sciences in 2019. Her article about the Congenital bladder diverticulum in a neonate simulating posterior urethral valves was published in the Journal of Neonatal Surgery in its October 2018 issue. She won the Best Paper Award at the Indian Association of Pediatric Surgeons conference in Kolkata in 2017. She is a member of the Paediatric Endoscopic Surgeons of India as well.
