### Qualification

MBBS | MD (Radio-diagnosis) | DM (Neuroimaging and Interventional Radiology)

### Overview

Dr. Abha Verma is an eminent radiologist in Whitefield, Bangalore possessing exceptional educational qualifications and vast years of expertise to make her mark in the arena of medicine. She can be reached at the Manipal Hospitals in the Whitefield region, where she works as a Radiology Consultant. She is a radiology expert and known for detecting anomalies with perfection based on minute details to provide exceptional treatments for quick recovery. This radiology specialist has been associated with the Manipal Hospitals since 2017 and has handled various complex medical cases. She is adept in interventional radiology and neuroimaging and has helped thousands of patients get relief from serious medical conditions. Dr. Abha Verma has won a lot of awards and made significant achievements like bagging the Smt. Anjana B. Mahajan silver medal for achieving first place in Midwifery and Gynaecology in 2007. During the first year of her MBBS, she won the Dr. P.R.J Gangadharan silver medal for grabbing first place and was presented with the gold medal as the best student in 2007 when pursuing her MBBS. She got two prizes - Lalit B. Mahajan memorial prize and Dr. Prasad Vidwans Memorial Prize as the first prize winner in Community Medicine in 2006. Dr. Abha Verma was the topper in the list of admission with merit selection for PG courses in 2011. She received the Shri Sumat Prasad Parmeshwari Das Jain Memorial Silver Medal as an appreciation for her efforts. Dr. Verma is the best radiologist in Whitefield, Bangalore. Dr. Abha Verma is highly qualified as a radiologist, as she has completed a DM course with Neuroimaging and Interventional Radiology as her areas of specialisation. She completed her MBBS degree from the reputed Mahatma Gandhi Institute of Medical Sciences located in the Wardha area in Maharashtra in 2007. Next, Dr. Abha Verma did her MD from 2014 to 2017 in the field of Radio Diagnosis and was a Senior Resident at the National Institute of Mental Health and Neuro Sciences in Bangalore, Karnataka. She also worked at the Kasturba Hospital located in Sewagram in Maharashtra, which helped in polishing her Radiology skills. Dr. Abha Verma has published many research work papers on leading publications by performing an in-depth analysis of various aspects related to neuroradiology. She has authored radiology-related papers, which were published in well-known medical journals like the International Journal of Otorhinolaryngology and Head and Neck Surgery. Dr. Abha Verma's interviews on the latest radiography system and discussions on the important role of radiology in diagnosing COVID patients were published on leading online news websites. Dr. Abha Verma is an expert in speaking three different languages like Hindi, English, and Kannada, which helps her discuss the anomalies she finds in the radiology images with the patients.
