

DR. ANJANA B

Consultant Pediatrics

Qualification

MBBS | DCH | DNB (Pediatrics)

Overview

Anjana B. Choudhury, MD, is the best pediatrician in Bangalore, associated with Manipal Hospitals now. Her areas of speciality include General Paediatrics, Paediatric Medicine, and asthma treatment, and she is profoundly devoted to offering excellent healthcare services for children. Dr. Anjana actively participates in the Karnataka Medical Council and the Indian Paediatric Association, demonstrating her unwavering commitment to giving her young patients the best care possible. Dr. Anjana provides a comprehensive paediatric treatment that starts with detailed diagnostic tests to gather essential data about a child's health. She creates specialised treatment plans using this knowledge to treat various illnesses, disorders, and injuries successfully. These plans may include therapies, medications, and vaccinations. Dr. Anjana knows that paediatrics includes supporting the entire family throughout the process and providing care for the child. A pivotal aspect of Dr. Anjana's practice lies in structured evaluation and early intervention. She emphasises identifying and addressing developmental and behavioural problems that may arise from stressors. By implementing timely interventions, Dr. Anjana strives to minimise the potential for long-term effects and foster optimal development in her young patients. Dr. Anjana's exceptional achievements have been recognised by her colleagues and the larger medical community throughout her career. The information presented does not specify the honours and medals she has won. But her outstanding work has attracted well-deserved attention, establishing her as a highly esteemed and talented paediatrician. No wonder she is considered one of the best paediatricians in Bangalore. In her practice, Dr. Anjana goes above the call of duty regarding technical proficiency and medical understanding. Recognising the unique challenges and worries that children face, Dr. Anjana provides holistic care that addresses their physical and emotional and psychological needs. Understanding these specific concerns allows her to provide exceptional support and guidance. Dr. Anjana B. Choudhury, MD, is a renowned and dedicated paediatrician at Manipal Hospital in Bangalore. With specialisation in General Pediatrics, Pediatric Medicine, and asthma treatment, she is deeply committed to delivering excellent healthcare services for children. Dr. Anjana actively engages with the Karnataka Medical Council and the Indian Pediatric Association, showcasing her unwavering dedication to providing the best possible care for her young patients. Dr. Anjana's comprehensive approach to pediatric treatment begins with thorough diagnostic tests to gather crucial health data. She effectively creates tailored treatment plans to address various illnesses, disorders, and injuries using this knowledge. These plans may include therapies, medications, and vaccinations. Dr. Anjana recognises that paediatrics encompasses caring for the entire family and places great importance on structured evaluation and early intervention. In her practice, Dr. Anjana goes beyond technical proficiency and medical knowledge.
