

DR. RAJENDRA PRASAD B

Senior Consultant - Vascular Endovascular Surgery

Qualification

MBBS | MS (Gen Surgery) | DNB (Vascular Surgery) | FVES (Austria)

Overview

Dr. Rajendra Prasad is a well-known Vascular Endovascular consultant in Bangalore who is currently associated with Manipal Hospitals, Yeshwantpur as a Senior Consultant-Vascular Endovascular specialist. He continued his education and earned the Austrian Fellow of Vascular Endovascular Surgery (FVES) designation. This renowned certification highlights his dedication to improving his abilities and knowledge in the specialised vascular and endovascular surgery field. Dr. Rajendra Prasad began the course of his studies by earning his Bachelor of Medicine and Bachelor of Surgery (MBBS) degree at Mysore, laying down the groundwork for his medical occupation. He finished his postgraduate studies and was awarded a Master of Surgery (MS) in General Surgery, which helped him to understand all operating principles and processes. With the information as the basis, he shifted to become a specialist in investigating, treating, and managing blood vessel issues by becoming a Diplomate of the National Board (DNB) in Vascular Surgery. Senior consultant Dr. Rajendra Prasad B has built an excellent professional with a long list of triumphs that are his credit. Thanks to his knowledge of vascular and endovascular surgical procedures, he can provide complete treatment for patients with an assortment of vascular disorders, particularly arterial diseases, venous challenges, and lymphatic irregularities. Dr. Rajendra Prasad has been devoted to giving patients excellent patient-oriented experiences and providing the best outcomes for the individuals he treats. In order to help his patients make sound choices about their well-being, he is recognised for his sympathetic demeanour, which includes taking breaks to listen to what are their concerns and thoroughly describing all of their options for treatment. No wonder he is considered the best vascular surgeon in Bangalore. Dr. Rajendra Prasad B can carry out surgery that results in the smallest amount of patient awkwardness and time for recovery, thanks to his background in endovascular techniques. Some of these methods include angioplasty, stenting, and endovascular aneurysm repair. Additionally, he is adept at open surgical operations like thromboendarterectomy and bypass surgeries when they are required. Besides his professional duties, Dr. Rajendra Prasad B actively assists in advancing his discipline through research and educational endeavours. He has explained his work at national as well as international gatherings, where he brought together ideas and promoted the dissemination of knowledge. His unwavering commitment to higher learning extends to coaching and training aspiring medical practitioners so that the next generation of vascular surgeons will have the skills to provide patients with the best treatment possible. Dr. Rajendra Prasad B has established himself as a respected doctor in his neighbourhood with his remarkable credentials, wealth of expertise, and dedication to patient care. He keeps making contributions to research and teaching, expanding our understanding of vascular disorders and our ability to treat them because he is passionate about the profession and its advancement.

Fellowship & Membership

- Fellowship in Vascular Endovascular Surgery.

Field of Expertise

- Endovascular procedures for peripheral vascular diseases
- Wound Care/Diabetic foot ulcer management
- Aortic aneurysm endovascular interventions
- Carotid Interventions
- Limb salvage surgical procedures
- Complex hemodialysis access creation & access salvage
- Endovenous procedures (LASER) for varicose veins
