

DR. MIRZA MASOOM ABBAS

Senior Consultant - Neurology

Qualification

MBBS | MD (General Medicine) | DM (Neurology)

Overview

Dr. M M Abbas is a consultant Neurologist at Manipal Hospitals Yeshwanthpur. He received his neurology training at the National Institute of Mental Health and Neurosciences (NIMHANS). Ever since the start of his career Dr. Abbas has had a keen interest in the field of Parkinson's and movement disorders, which led him to join Dr. Uday Muthane at the Parkinson's and Ageing Research Foundation. He later pursued his clinical fellowship in Parkinson's and movement disorders at the National Neuroscience Institute, Singapore, a centre of excellence in Parkinson's disease. After his return to India, he is associated with top research foundation in Bangalore, where he was involved in clinical care, research, and training students of allied specialities in the field of Parkinson's and movement disorders. Over the last decade, he has dedicated his services to the management of patients affected by Parkinson's and movement disorders. He envisions providing holistic care to the patients affected by these disorders, spreading awareness among caregivers, and the public and furthering research in this domain. He has conducted several programmes and attended various talk shows on patient education. The MEB Survey in 2022 recognised him as the best neurology specialist in Yeshwanthpur Bangalore, in the field of movement disorders. He is the author of several book chapters and has more than 30 research publications in various national and international journals. His area of expertise includes Parkinson's disease, tremors, dystonia, chorea, tics and other movement disorders. He has a special interest in functional surgeries in movement disorders and has a rich experience of more than a decade in the pre and post-operative care of Deep Brain Stimulation subjects. He is a member of the International Movement Disorder Society, the Movement Disorder Society of India and the Indian Academy of Neurology. Apart from his professional career, Dr. Abbas is an avid reader. He has a special interest in philosophy, economics, and international affairs. He believes in the idea of continuous learning, unlearning, and relearning for a productive life.
